1.1 Introduction

At ApMoSys Technologies, we value the well-being of our employees and recognize the importance of supporting them during significant life events. The Maternity Policy is designed completely in accordance with the Companies Act 2013, to provide a supportive framework for female employees who are expecting a child, ensuring that they can maintain a healthy work-life balance while transitioning to parenthood.

1.2 Purpose

The purpose of the Maternity Policy is to offer comprehensive support to our female employees during the maternity phase, allowing them necessary time and flexibility to care for their health and bond with their newborn. We aim to foster a positive and inclusive work environment where our employees feel empowered to manage their professional commitments alongside their personal responsibilities.

- 1.3.2 Compliance:** To adhere to legal and regulatory requirements related to maternity benefits, ensuring that the female employees receive their respective entitlements.
- 1.3.3 Smooth Transition:** To facilitate a smooth transition for female employees before, during, and after maternity leave, ensuring minimal disruption to their roles.

1.5 Maternity Leave Entitlement

Upon meeting the eligibility criteria, the employee shall be entitled to a continuous maternity leave of 26 weeks, up to 2 children. During the maternity leave period, the employee will continue to receive all applicable benefits, including medical coverage and other allowances, as per the company's policies. Additionally, the employee may request flexible work arrangements or remote work options, subject to the feasibility and approval of her reporting manager and the HR department. The decision by the HR shall be final and binding in all such cases.

ApMoSys' Insurance Policy includes/covers maternity benefits.
